

KICKSTART

**You want your
priesthood to matter.**

**You want your parish
to come alive.**

We understand how challenging leading a parish can be, which is why we've worked with priests around the world who've found new hope knowing that their parish and priesthood don't have to just survive but can become fully alive.

KICKSTART

Kickstart is a coaching experience for priests designed to equip priests and to help parishes move from maintenance to mission.

In Kickstart, a Divine Renovation coach accompanies a small group of priests through the fundamental principles of Divine Renovation over the course of six, 90-minute Zoom sessions.

Topics covered include vision casting, prioritizing evangelization in the parish, building a leadership team and parish culture, among many others. Here's what one priest said:

"Kickstart allowed me to have a positive outlook by having a vision, as well as tools to help grow my parish into a church that will evangelize and embrace its baptismal calling. It taught me that I need not walk alone. The fellowship and encouragement I received from my brother priests have proven to be true blessings. I pray that I attract other priests to experience this...I've been encouraged. Leading change is something more real for me now."

Divine Renovation Ministry is fully donor-funded and **there is no fee for a priest to join Kickstart**. If you're ready to be renewed in your priesthood and your parish to come alive, connect with us by visiting:
